BEEMAN AIRGUNS

with dependable, super quick spring-piston power. Single shot. Cock and load in 5 seconds. No pumping, no CO2, no valves. $1.00 Lifetime Repair Policy.

BEEMAN P1 MAGNUM

The P1 fires pellets from 550 to 600 fps despite the fact that it is up to five inches shorter than most large air pistols. Dual power spring-piston. Cock the pistol halfway for velocities of 350 to 400 fps—safer for indoor practice and recreational shooting. Pull the cocking arm all the way for full field and outdoor target shooting power. All Colt 1911 grips—including Pachmayr wrap-around rubber grips—fit the P1. The P1's modest rearward recoil simulates firearm recoil as a further training aid. Capable of five-shot groups 1/5" ctc at 25 feet.

Order #	[Mfg. #] Caliber	Sugg.Ret.Ea.
1303562	[2300] .177	$298.00
1303786	[2320] 5mm	310.00

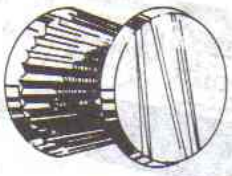
AIRGUN AMMO & SCOPES



DYNAMIT NOBEL/RWS HOBBY PELLETS

Designed primarily as a practice/plinking target. Gives very high velocity and accuracy at short to medium airgun ranges. This is due to the pellet's extremely light weight (only 7 grains in .177 caliber and 11.9 grains in .22 caliber). The wadcutter head design also affords maximum shock in live quarry. 500 rounds per can.

Order #	[Mfg. #] Caliber-Wt.	Sugg.Ret.Can
1301031	[2136430] .22-11.9 gr.	$10.00
1303549	[2136406] .177-7.0 gr.	6.40

SHERIDAN AMMUNITION

The 5mm (.20 cal.) ammo is solid-nosed, bullet-shaped, super-penetrating, matched to the precision-rifled Sheridan barrels for proper sectional density and best ballistic coefficient. New plastic, reusable pellet box holds 500 rounds. Inset, hinged dispenser permits removal of pellets, one at a time.

BEEMAN MODEL 66-0904144

BEEMAN MODEL 30-0904140

Top-of-the-line Model 66 has Objective Focus Ring by which parallax error can be dialed away from 13 feet to infinity. The Model 66 also has silhouette knobs which allow instant windage and elevation adjustment for predetermined distances and shooting conditions. All scopes have fully-coated, all-glass lenses, thinline 5-point reticles, extra lens bracing for protection against unique two-way snap of spring-piston airguns, plus special elevation dials to compensate for greater trajectory of airgun and rimfire ammunition.

INDIVIDUAL SPECIFICATIONS FOR BEEMAN SCOPES:

0904144: Model 66, Objective focusing ring, silhouette knobs, 2-7x zoom 32mm objective, 1" tube, 58'-16' field of view at 100 yards.

0904140: Model 30, 4x, 15mm objective, ¾" tube, 21' field of view, milled mount included.
